

# Adult Curriculum

One Accord's Adult Christian education resources set the standard in scope and sequence curriculum, and there is no better choice when seeking a traditional adult resource.

Our Adult curriculum includes:

- King James Bible-based lessons
- Pentecostal distinctives
- Evangelical emphasis
- Comprehensive coverage of Scripture

## Adult Teaching Guide

Designed with the instructor in mind, One Accord's *Adult Teaching Guide* will help make your work less time-consuming and more rewarding. This resource comes complete with everything you need to lead each lesson and meet the spiritual formation needs of your students.

## Adult Student Guide

The *Adult Student Guide* provides solid biblical teaching while also offering life-changing truths. Each lesson challenges students to explore God's Word and experience a deeper relationship with God.

## Adult Large Print

Adult student book designed in a large-print format.

## Adult Student Commentary

This commentary adds in-depth, point-by-point analysis and some of the illustrative/explanatory material of the teaching guide to each week's lesson. Provide one for each serious student of the Word.

## Adult Teaching Resources Packet

The *Adult Teaching Resources Packet* contains the resources necessary to make the learning experience complete for adult students. The integration of worksheets, information sheets, case studies, transparencies, quizzes, and posters with the studies in the *Adult Teaching Guide* makes each session meaningful and life-changing. Although these masters are copyrighted, they may be photocopied for use in the classroom.

## Guest Edition

What do you do when visitors come to your class and you have no quarterlies for them to use? Rather than letting them sit there empty-handed, enable them to connect with your teaching by using *Guest Edition*. Each leaflet includes all the "meat" of the week's lesson in a form that visitors can use and take home with them. Each pack includes enough handouts for one person for the entire quarter.

## Adult Seek (5 to a pkg.)

This magazine will help your students apply each week's lesson to their lives.

The newly designed SEEK features:

- Articles and stories related to each week's lesson
- Questions that help students apply the lesson to their lives
- Daily Bible readings, lesson Scripture, all in KJV

# GAP: Graduates and Professionals

One Accord Resources is proud to introduce a new curriculum for those in the “GAP” – Graduates and Professionals between the ages of 18 and 25 years old. GAP is designed to:

- Build a spiritual bridge for those just graduating from high school as they transition to work or college.
- Strengthen the moral resolve of individuals in the workplace.
- Provide a solid biblical foundation for students whose faith will be challenged in the university or college setting.

Many graduates and professionals will make the most important decisions of their lives between the ages of 18 and 25 years old. They need lessons that come with both a thorough Bible scope and sequence approach, and the variety and function of a topical curriculum. One Accord’s GAP curriculum delivers on all counts. GAP provides insightful biblical and moral truth on real-life issues that your students will face every day. Help your students make the right choices . . . bridge the GAP!

## GAP Leader’s Guide

The *GAP Leader’s Guide* is very user-friendly. Lessons focus on an objective, Bible focus, and life focus. This three-step approach makes lesson preparation a breeze.

## Gap User’s Guide

The *GAP User’s Guide* presents each life-challenging lesson using a simple, three-step method that includes a life focus, a Bible focus, and a key verse which work together to connect the lesson points and objectives for better student comprehension.

Curriculum sampler available upon request.

# Faith Café

Faith Café brings the coffeehouse to your house with a gourmet blend of Scripture, inspiration, and insight that addresses topics relevant to today’s Christians. Designed to create an intimate coffeehouse atmosphere, this undated topical curriculum is the perfect way for adults of all ages in your Sunday school class or small group to connect with God and other believers.

## Faith Café Leader’s Guide

The Faith Café Leader’s Guide contains all the necessary tools, tips, and suggestions for you to create a safe and honest atmosphere for your Sunday school class or small group. In-depth Scripture commentary helps you to guide participants to a deeper meaning in the weekly Bible passages, while discussion questions allow you to open the door for discussion and reflection among the group members themselves.

## Faith Café Participant’s Guide

The Faith Café Participant’s Guide is packed with stories, quotes, Scriptures, and life applications designed to help group members stay actively involved in the lesson each week. The Participant’s Guide is printed in a magazine-style format that includes a central article written by a featured Christian author to add flavor to the overall theme of each quarter.

## Faith Café Topics
